

Mark Borisov Bio

Hello, my name is Mark Borisov, and I've been coaching at Brookfield LTC since May 2023. I first picked up a racket at the age of 4 and spent most of my childhood training and competing at both national and international levels. As I grew older, I realised how deeply passionate I am about tennis and knew I wanted to stay connected to the sport in some capacity for life.

As a junior, I was ranked in the top 5 in Bulgaria in the U10 and U12 categories. In 2015, my family moved to Ireland, where I continued to compete and reached a career-high ranking of top 3 in the Irish U14s, later becoming the U16 Irish Indoor Singles Champion.

After taking a short break during my final years of school, I found my way back into the sport through coaching. Since then, I've become an ITF Level 2 certified coach and am currently working toward completing my Level 3 certification. I've had the privilege of learning from some of Ireland's most experienced coaches and have worked with players of all ages and levels—from Red Balls to U10s to U18s—including some who've gone on to become top-ranked players in the country.

Alongside individual development, I've also helped my league team reach **Class 1**, the highest level of competitive league tennis in Ireland—an experience that reinforced the value of teamwork and high performance.

Today, I continue to coach both juniors and adults, always aiming to inspire improvement, enjoyment, and a strong connection to the game. I still compete in senior events myself and love sharing the sport that has shaped so much of who I am.

See you on court!
